

NEW HD LENS

“Where Quality Meets Affordability Without Compromise”™

ArcOne's Retro-Fit Singles® Filters now have **HD Technology**, so welders can now see colors in the light state like they've never seen them before.

The High Definition technology makes it possible to see your work while welding as clear as looking through a window.

There are no washed out or misleading colors with the new ArcOne® HD Lens.

FEATURES:

Clear view of area surrounding weld
Fits most 2x4¼" welding helmets
Solar powered, no batteries to charge

Singles® Fixed Shade 8, 9, 10, 11, 12
