

1000 Series

The SE-1000 Series of safety eyewear proves that quality and performance can come in an economical package. The 1000 Series provides full eye protection with a much more substantial amount of material than the eco-specs used by many companies. Feature a sporty, flexible, lightweight design that your employees will be happy to wear both on and off the job.

Polycarbonate lenses provide 99.9% UVA/ UVB/UVC protection. The 1000 Series is Z87 rated and are available in multiple lens/finish configurations.
