

3000 Series

The SE-3000 Series is our newest eye safety glass option. It gives a modern and stylish look at an economical price. The 3000 Series provides full eye and side coverage, with lens colors ranging from clear to mirrored as well as IR5 for cutting and brazing. The safety glasses feature a sporty, flexible, lightweight design that you will be happy to wear both on and off the job.

Polycarbonate lenses provide 99.9% UVA/ UVB/UVC protection. The 3000 Series is Z87+ rated.
