

AirPlus with AirShield - AP-AR-SH

Combine the AirShield® with our AirPlus® PAPR System for complete respiratory protection. ArcOne's fullcoverage grinding visor exceeds expectations with its durable construction, large viewing area, sturdy headgear, quick and easy visor installation and removal, all at an economical price-point.

Use the AirShield® with our Vision®, Python®, or Carrera™ ArcOne® welding helmets via optional welding helmet adapters, sold separately.
